(Hassan, Quetta)

SUCCESS STORY

*“You have not failed until you quit trying, that is why I kept on studying harder everyday to acquire high grades”
Jamshaid Sami*

I am Jamshaid Sami from Swat district of KPK. I belong to a family who have limited financial resources. My father works as a labourer, he sell sweets for children on pushcart; I belong to a family who does not have financial resources for higher education of children .

Although it was difficult for me to manage the expenses of my intermediate education but I jumped every barrier that would be the problem. When I was completing my school education my school authorities got acquainted with the fact that I am not able to clear school dues and this probably be the reason of my drop-out my teacher supported me and funded my education. I passed my intermediate with good marks. After completing my intermediate higher education was herculean task for me, but I did not lost hope for better future. I tried to find the ways which leads me for success. I knew about PEEF Scholarship program for other provinces. I applied for the scholarship and was selected on merit for scholarship.

Jamshaid Sami
BSc Mechanical Engineering -
UET Peshawar
District: SWAT, KPK

PEEF scholarship made my engineering possible from UET Peshawar.

I acquired mechanical engineering education from one of the best engineering institute of Pakistan, now I am aiming for a prosperous career, line to support my family and country. I could never bear the expense of my engineering; therefore I thank PEEEF for financial support to my education.”
