

Monitoring Section Update for the Year 2017-18

Desk Monitoring:

M&E Sections of PEEF corroborates that the process steps described by scholarship section, from data acquisition from BISEs to short-listing, dispatch and merit finalization have been followed as defined. Any divergence in the process is reported for course correction.

Monitoring section of PEEF received data of 99713 students from PCI Section of all levels i.e. secondary, intermediate, graduation, masters, COEs, PBTE and Other provinces in 2017-18, out of which 93412 students are released to V&D section after 100% verification.

Field Monitoring:

M&E has adopted combine methods (*Quantitative and Qualitative*) of data collection and analysis by using appropriate sampling and data analysis techniques in Field Monitoring of PEEF scholarship programme.

Field monitoring visits are conducted in May and September 2018. During the first visit, 5 COEs were visited as part of field monitoring visit of DFID. In these institutions 143 scholars were interviewed. While in September visit, 12 tehsils of 6 districts (Rawalpindi, Attock, Jehlum, Chakwal, Mandi bahauddin, Gujranwala) of Punjab were visited during which 36 institutions were visited and 941 scholars interviewed. 12 HoDs and 36 HoIs/Focal persons Interviewed regarding PEEF activities.
